Important NCAA Rules for coaches and athletes concerning the AMC Meet

Entry marks must be made during this season and they will be checked. If the mark is not accurate for the season, the entry will not be accepted. Please refer to NCAA Rule 4:1. Coaches have the right to ask for clarification as to where the mark was attained. Please check that the automatic marks during entry are this year's mark, not a PR from the last year or before. Additionally, please be aware of the failure to participate rule when entering your athlete in more than one event.

NCAA RULE 4 - SECTION 1 - Misconduct

Misconduct is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law occurring at the locale of the competition or warm-up, that discredits the event or intercollegiate athletics. Misconduct includes coaches intentionally reporting false marks for entry purposes. Acts of misconduct are subject to reprimand or ejection by the referee or meet management.

NCAA Rule 4 section2 - Failure to Participate ARTICLE 2

- a. Competitors or relay teams must participate in the trials and/or finals of all events in which they are declared. Declaration procedures and deadlines for individual and relay team members, excluding alternates, must be published. Such participation is also required in subsequent rounds as a result of qualifying, or when participation is a criterion for entry in a subsequent meet.
- b. Participation is the expectation that a competitor start the athletic challenge requirements of the event, according to the rules of the event. Qualification to the next round of an event is, in itself, satisfaction of participation within the qualifying round.
