Course description: The Course is run on an old golf course that has been renovated for Cross Country. It has a golf path that can be used for spectating that follows the majority of the course. Athletes will cross the path a few times, but we plan to put mats over most of the crossings. It is mostly flat and open with very small rolling hills. There will be 2 approximately 1.5 mile loops for the women's 5k and 3 loops for the Men's 8k with the last loop being extended. See map on next page.

### Parking:

Parking will be in the area shown above near Mckendree West. There are approximately 90 parking spaces available. Overflow parking for spectators or buses will be at the track. Buses can drop off athletes, but then must return to the track parking lot if they plan to stay on campus. If you believe you will need a shuttle from the track for your team's spectators or athletes, then you will need to contact Coach Groves-Scott at least 2 weeks prior for set up of shuttle services.
