## FREELAP TIMING SYSTEMS

- An easy-to-use, fully automated timing system that is designed for a wide variety of training scenarios including track and field, and virtually any sport that involves speed training.
- Freelap can be set up in less than a minute. Simply turn on the transmitters and place them on the track or field and begin. Coaches can set up a 30 meter fly-in sprint in the time it takes them to walk 30 meters.
- Designed to support both the individual athlete and team training
- Can time multiple athletes simultaneously.
- Precision watches and quality components made in Switzerland

**FREE SHIPPING ON FREELAP SYSTEMS**
